

[Got Web Host](#)

Got Web Host has been hosting websites since 2002. As times change, hosting needs change as well, to which we strive to bring the best hosting solutions to meet these changes. Multiple Class C IP's are difficult, if not impossible to find with most hosting companies. Many simply can not provide multiple dedicated Class C IP's. Got Web Host now offers Multiple Class C IP's to their users. Many companies specializing in SEO have requested or search for hosting that provides this type of service, we bring it to you with many different packages.

**Got Web Host provides the following features:**

- [Virtual hosting packages](#) with up to 30 IPs, and up to 15 individual Class C Subnets and multiple or private nameservers. Multiple data centers.
- [Dedicated hosting packages](#) with up to 50 IPs, and up to 10 individual Class C Subnets and multiple private nameservers. Multiple data centers.
- Customized packages with up to 80 Class C subnets are available upon request.
- [Standard Dedicated Servers](#) and [Virtual Private Servers](#) are also available.
